

OFFICE OF THE ATTORNEY GENERAL REGULATION CERTIFICATION

Agency Department of Energy and Environmental Protection

REGULATION NUMBER PR2015-178

This Regulation is hereby APPROVED by the Attorney General as to legal sufficiency in accordance with Connecticut General Statutes Section 4-169.

DATE: 5/3/2016

Signed: 
Robert W. Clark, Special Counsel
Duly Authorized

**Attorney General's Office Special Comments to Regulation
No. PR2015-178:**

The May 2, 2016 Attorney General Disapproval did not reflect a legal insufficiency in the proposed regulation. Rather, the Attorney General declined to approve the proposed regulation as there were some minor technical changes requested by the Legislative Regulation Review Committee that remained to be made. The regulations were re-submitted with those technical changes and approved by the Attorney General's Office May 3, 2016.
